Gautreau, E.J. and J.C.E. Melvin. 1974. Forest insects collected in Kananaskis Forest Experiment Station area 1948-1971. Environ. Can., Can. For. Serv., North. For. Res. Cent., Edmonton. NOR-X-88

ABSTRACT

Forest insects collected in the vicinity of the Kananaskis Forest Experiment Station from 1948 to 1971 are listed alphabetically by order, family, genus and species. Hosts, numbers of collections and stages of the insects when collected are shown.

RESUME

Les insectes forestiers récoltés de 1948 à 1971 à l'environnement de la Station Expérimentale des Forêts à Kananaskis sont énumérés alphabétiquement selon les ordres, les familles, les genres et les espèces. A ceci s'ajoutent les hôtes, le nombre des récoltes et les stades de développement des insectes, s'il y a eu récolté.

INTRODUCTION

The Forest Insect and Disease Survey, operating within a number of federal government departments, has been collecting forest insects in the Kananaskis area since the formation of the Alberta Survey in 1948. During the period from 1948 to 1960, all summer rearing was conducted on the Station and a large number of collections were made by insectary staff. Since 1948, all collections have been recorded on computer tape along with relevant ecological data. A computer print-out was used to compile the following annotated list of insects. As most of the collections were taken by beating foliage over a canvas sheet, some of the hosts shown for adult collections may be inaccurate. The numbers of collections do not necessarily reflect the relative abundance of species, due to the emphasis placed on the collection of some insects for special studies.

The great majority of the collections listed were made within the Station boundaries as they existed in 1948, and most within the present boundaries. A few collections may have been made immediately outside the boundaries because of the method of data retrieval based on a 4-mile coded grid system.

LIST OF COMMON NAMES OF PLANTS USED

WITH SCIENTIFIC EQUIVALENTS

Alder	<i>Alnus</i> B. Ehrh.
Aspen, Trembling	<i>Populus tremuloides</i> Michx.
Birch	<i>Betula</i> L.
Birch, Dwarf	<i>Betula glandulosa</i> Michx.
Birch, Water	<i>Betula fontinalis</i> Sarg. = <i>B. occidentalis</i> Hook.
Birch, White	<i>Betula papyrifera</i> Marsh.
Caragana	<i>Caragana</i> spp.
Cherry, Choke	<i>Prunus virginiana</i> L.
Cottonwood, Black	<i>Populus trichocarpa</i> Torr. & Gray
Cottonwood, Plains	<i>Populus deltoides</i> Marsh.
Dogwood	<i>Cornus</i> L.
Elm, White	<i>Ulmus americana</i> L.
Fir, Alpine	<i>Abies lasiocarpa</i> (Hook.) Nutt.
Fir, Douglas	<i>Pseudotsuga menziesii</i> (Mirb.) Franco var. <i>glauca</i> (Beissn) Franco.
Juniper	<i>Juniperus</i> L.
Juniper, Common	<i>Juniperus communis</i> L.
Maple, Douglas	<i>Acer glabrum</i> Torr.
Pine, Limber	<i>Pinus flexilis</i> James.
Pine, Lodgepole	<i>Pinus contorta</i> Dougl. var. <i>latifolia</i> Engelm.
Poplar	<i>Populus</i> L.
Poplar, Balsam	<i>Populus balsamifera</i> L.
Spruce	<i>Picea</i> A. Dietr.
Spruce, Engelmann	<i>Picea engelmannii</i> Parry.
Spruce, White	<i>Picea glauca</i> (Moench.) Voss.
Willow	<i>Salix</i> L.
