RÉSUMÉ

Ce document énumère alphabétiquement (par auteur) les publications scientifiques et techniques ainsi que les ouvrages de vulgarisation qui ont été rédigés ou publiés par le personnel du Centre de foresterie du Nord entre 2000 à 2003. Un index des sujets est présenté.

ABSTRACT

Scientific, technical, and interpretive publications written or published by staff of the Northern Forestry Centre during 2000–2003 are listed alphabetically by author. A subject index is provided.

PRÉFACE

Le Centre de foresterie du Nord de Ressources naturelles Canada, Service canadien des forêts, a engendré une mine de compte rendu de recherche forestière depuis qu'il a ouvert ses portes en 1970. Cette nouvelle bibliographie présente une liste de plus de 250 publications du personnel publiées entre 2000 à 2003.

Les Rapports d'information, Rapports spéciaux, travaux d'un congrès, des brochures et dépliants émanant du Centre de foresterie du Nord, ainsi que des publications diverses, des publications de journal et publications de symposium publiés par des autres organismes sont répertoriés alphabétiquement par auteur. Un index des sujets permet de localiser les auteurs selon le thème.

Pour information supplémentaire concernant des publications du Service canadien des forêts, visitez la librairie du SCF : <http://librairie.scf.rncan.gc.ca>. Sauf avis contraire, tous les articles dans notre catalogue sont distribués sans frais.

Quelques publications sont aussi disponible au site internet du Centre de foresterie du Nord : <http://nofc.cfs.nrcan.gc.ca>.

L'intention de cette bibliographie est pour aider la recherche; on n'y en doit pas considérer comme un catalogue pour commander les ouvrages.

La mission du Service canadien des forêts:

*Promouvoir le développement durable des forêts canadiennes et
la compétitivité du secteur canadien des forêts pour garantir le mieux-être
des Canadiens d'aujourd'hui et de demain.*

INDEX DES SUJETS

L'index des sujets se trouvent dans les pages suivantes présente alphabétiquement les principaux sujets de recherche au Centre de foresterie du Nord pendant la période 2000 à 2003. Au sein de chaque sujet ou catégorie, les citations selon l'auteur et l'année pertinente sont répertoriées alphabétiquement et, dans plusieurs instances, se présentent plus d'une fois. Voici au-dessous les sujets et les catégories :

Accroissement, Rendement, Inventaire
Aménagement durable des forêts
Changements climatiques et influences atmosphériques
