FOREWORD

The 1991 bibliography of Great Lakes Forestry Centre Publications lists all publications issued in 1991 as well as any publications that did not appear in previous bibliographies.

Included as main entries are all journal papers, Information Reports, Joint Reports, Miscellaneous Reports, contributions to symposium proceedings, leaflets, booklets, Survey Bulletins and articles in the Forestry Newsletter.

A subject index, based largely on keywords obtained from the titles of the publications, follows the main entries. Information, Joint and Miscellaneous reports, as well as Technical Notes and COFRDA Reports, are listed in Appendix A and an index based on keywords extracted from the titles of the papers is included.
